

Editor: **Mrs Hazel McGee**

Papers Secretary: **Nick James**

The *Journal* is published six times per year, in February, April, June, August, October & December.

Library subscription (UK and surface mail overseas): £44.00. To purchase single copies or individual articles please see [www.britastro.org/journal](http://www.britastro.org/journal).

The Association is not responsible for individual opinions expressed in articles, letters, reviews or reports of any kind. Material published in the *Journal* does not necessarily express the views of the Council.

### Contributions

**Papers** should be sent by e-mail (preferred) or by post (three copies) to the **Papers Secretary** at the address shown inside the back cover of each issue. They will be refereed, and, if approved by Council, published as soon as reasonably possible. Those wishing to speak at a meeting should contact the Meetings Secretary.

**All other contributions** should be sent to the Editor. As well as *Letters to the Editor*, she will be pleased to receive contributions to *Observers' Forum*, particularly interesting astronomical photographs, drawings and images. Colour images are especially welcomed. Photos and media will be returned only if a suitable stamped addressed envelope is enclosed.

### Advertisements

**Small advertisements** should be sent to the Office, accompanied by the appropriate remittance. Members' small advertisements are FREE and may be sent directly to the Editor by e-mail.

**Display advertisements and loose inserts:** For a rate card and further information, contact Mrs Ann Davies, 11 Sedgefield Rd., Greenham, Newbury, Berks. RG14 7TZ. Tel. 01635 30598. E-mail [ann Davies@dsl.pipex.com](mailto:ann Davies@dsl.pipex.com).

### Deadline

All material, including short letters and notes, must be received by the Editor by the following dates:

Issue	Date
2010 December	2010 October 25
2011 February	2010 December 15

Later dates apply, by arrangement, to electronic advertising copy for which space has been reserved.

### Membership of the BAA

### On the cover

Two of the best amateur images of Jupiter recorded in 2009, taken by Damian Peach from Barbados on 2009 Sept. 10 and 11. See the article by John Rogers on page 267.

*Top:* The Great Red Spot region, and disturbance all through the North Equatorial Belt including the source of the NEBn outbreak.

*Bottom:* Oval BA, with Io and its shadow in transit. Io's dark red polar caps are well resolved, and the shadow appears elongated because of the phase angle.
