

## Major P. B. Molesworth.

We greatly regret to announce the death of Major Molesworth, which occurred on Christmas Day. He was in the 42nd year of his age. Major Molesworth was stationed at Trincomalee, Ceylon, where he made many valuable observations, taking particularly a very active part in our Jupiter section. He was a Member of our Association from its foundation, and was elected a Fellow of the Royal Astronomical Society in 1898.
